EDUCATION

George Mason University, Costello College of Business – Fairfax, VA — Expected May 2027
Bachelor of Science in Business, Concentration in Business Analytics; Dean's List; Microsoft Club — GPA: 3.75

SKILLS

Cloud & AI: Microsoft Azure, AWS (Bedrock, Lambda, Amplify, S3), generative AI and AI agents, Gemini API, React, JavaScript, Office.js

Data: SQL, Python, Power BI, Tableau, Excel, R (regression), BigQuery, Looker Studio

Client & Delivery: Requirements gathering, stakeholder management, user training and adoption, project management, sales and business development, public speaking, Agile Scrum

EXPERIENCE

CGI Federal – Business Analyst Intern — Jun 2026 – Present

- Led team to **1st place among 100+ competitors** in CGI's 2026 Shark Tank Challenge: interviewed 30+ professionals to map email pain points, then built a Microsoft Outlook add-in (JavaScript, Office.js) that makes review ~3x faster. CGI funded and implemented the solution.
- Building the user interface (React, AWS Amplify) for a multi-agent AI product that automates financial statement reconciliation and annual reporting, translating stakeholder requests into features.
- Served as business analyst lead on the **1st-place Capstone team**; led stakeholder interviews and wrote technical documentation for an AI code review application on AWS (Bedrock, Lambda, CodeCommit).

Costello College of Business, George Mason University – Data and Operations Intern — Aug 2025 – Jun 2026

- Analyzed 10,000+ rows of student data across 10+ projects, building Power BI dashboards and presentations that gave advisors clear recommendations.
- Ran logistic and linear regression in R to identify 8 key predictors of student performance, informing targeted interventions.

Vector Marketing – Sales Consultant — Dec 2023 – May 2024

- Helped recruit and train a sales team that generated $200K in revenue in 4 months; built a client base of ~200 from scratch.

PROJECTS & CERTIFICATIONS

AI Black Hat Review Agent – Team Hat's Off, Challenge + X Hackathon — 2026

- Building an AI agent on Microsoft Azure that role-plays competitors in a government contracting "black hat review," helping capture teams anticipate rival bids; lead the team's outreach to project contacts.

Google Business Intelligence Professional Certificate — Jun 2026

- 80+ hours of hands-on training in SQL, BigQuery, Looker Studio, Tableau and dashboard development.

LEADERSHIP

National Society of Leadership and Success (NSLS) – Chapter President — Sept 2025 – Jun 2026

- Grew the George Mason chapter from 173 to 3,400+ members through social media, email, campus events and partnerships; spoke publicly at every chapter event.

Mason Consulting Group – Lead Consultant — Sept 2025 – Dec 2025

- Managed a team of 8 consultants through SWOT, digital footprint and SEO analysis for a CPA firm client; implemented recommendations increased website traffic by 50%.

Cloudforce Office Visit – Student Panelist — Nov 2026

- Spoke as a student panelist during George Mason's visit to the Cloudforce office.

AWARDS

Coleman Raphael Endowed Scholarship; CGI Shark Tank Challenge – 1st Place (2026); CGI Capstone – 1st Place (2026); Deloitte Start-Up Challenge – Winner (2025)
